CAUSE

On or about March 11, 2008, Paul Brandon Sweatt was arrested by an officer with the Prattville Police Department for Driving Under the Influence. Additionally, he was cited for Improper Lane Usage. An officer with the Prattville Police Department and an Alabama state trooper measured Paul Brandon Sweatt's alcohol level via a field testing instrument and determined it to register .086%. A breath analyzer administered to Sweatt at the jail in Prattville resulted in his alcohol level measuring .06%. This is the offender's second citation of this nature within a five-month time frame.

As a result of the new arrest, the probation officer respectfully asks the court to modify the offender's terms and conditions of supervised release as indicated above. Paul Brandon Sweatt has agreed to this proposed modification and a signed copy of his waiver has been attached to this report. The probation officer also respectfully requests that the court verbally admonish the offender for his noncompliant behavior due to the significant risk of harm to the public that this type of behavior creates.

Respectfully submitted,
